

Epson, Lexmark, Dell - 3 x Printers for Spares and Repair

Model : -

Manufacturer : -

Here we have a job lot of printers suitable for spares and/or repair. All were used in production until they made a one-way trip to the cupboard when we upgraded them to multi-function laser printers. The Lexmark and Epson could still be working but require a fresh set of cartridges to test them. The Dell is in working order and just requires new ink. To the best of my knowledge so does the Lexmark and the Epson. Including original Epson black cartridge, replacement black and trio colour pack ink cartridges. Job lot consists of; 1x Lexmark X1150 All-In-One Printer (Very good condition) 1x Epson Stylus CX5400 Printer (Good condition) 1x Dell 962 All-In-One Printer (Very good condition and full working order)

This sale is collection only due to the size and weight.

Price : £59.95
